A Energy efficiency rating

Choosing EURO-DESIGN 70 helps the homeowner to become more efficient and save money on their heating bills

HDF - High Definition Finishing will make your windows shine every day like New. The advanced formula perpetuates the surface and provides an incomparable glow. Not only will your windows stay clean longer, but they will also be much easier to wash.

Larger reinforcement chamber

To allow additional strength/rigidity when necessary, a larger reinforcement chamber enables a range of galvanised steels to be inserted for optimum performance

Excellent sustainability

As a manufacturer, we are conscious of the impact our actions have on people and the environment. The use of recycled materials is one of our strategic objectives. By making our own processes more efficient and creating new opportunities for recycling, our aim is to make it as easy as possible for everyone to make the choice of using recycled products.

Noise reduction

Every one needs a good nights sleep and EURO-DESIGN 70 offers exceptional noise reduction

LAMINATION

Choose from a wide range of options. We've got solutions to satisfy all needs and preferences.

PAINTING

Solution for the most daring ideas. With the RAL Design professional colour design scheme, we can embody any creative concept for the most dazzling architectural projects.

combine the energy-saving properties of plastic with the visual perfection and beauty of aluminum. As such, this finishing will satisfy the most demanding customers. In addition, the skins allow you to place the necessary architectural accents and use PVC structures in modern aluminum facade construction.

WINDOW HANDLES

The handle design emphasizes the style and quality of modern windows.

Handles do not only serve as a window decoration but also as an essential functional element. Therefore, we strongly recommend REHAU authentic handles. Behind the sleek exterior of PVC units are engineering solutions. Each turns a humble window into a reliable system protecting your home from cold, dirt, and external noise.
